

KOBRA FLEXPACK

ECO-FRIENDLY CARDBOARD PACKAGING
RECYCLING SHREDDER

KOBRA® MADE IN ITALY

Model: KOBRA FLEXPACK
Article Code: 99.947
EAN Code: 8 026064 999472

Throat width:	17 inch
Shred size:	3/16 x 3 15/16 inch
Cardboard capacity* (depending on thickness):	up to 3 cardboard layers
Shreddable materials:	cardboard
Speed:	50 ft/min
Noise level:	58 dB(A)
Voltage:	115 Volt / 60 Hz
Power:	2.9 HP
Dimensions (WxDxH):	27 x 20 x 46 inch
Net weight:	310 lb

Datasheet n.145 rev.1

Trade Agreement Act (TAA) Compliant

MAIN FEATURES

Kobra Flexpack transforms used cardboard boxes into padded filling material and padding mats either as a packing/cushioning material or as a filling material. Flexpack simultaneously cuts and perforates cardboard and creates high-quality packaging material. This will help save cost, time and protects the environment.

- **Kobra Flexpack is the ideal ecological and economical solution when it comes to packaging material.**
- **Kobra Flexpack can process up to 3 layers of cardboard** (depending on the thickness) into padding mats from corrugated cardboards or into compressed filling material for secure deliveries of difficult to pack and/or heavy items.
- **The cushioning volume of the output is adjustable** through a specifically designed tension system.
- Kobra Flexpack has an **adjustable working width with scale** enabling the user to optimize the measure of the packaging material. Moreover, it has a large and convenient support table ensuring easy operation.
- Kobra Flexpack carries the latest **Touch Screen Technology**: it utilizes a remarkable touch screen keypad where functions are activated by simply touching the panel. Flexpack also shows an **LED load meter** indicating the work load on the machine.
- It comes with an **hour meter** to help keep records of scheduled cleaning, maintenance and usage time intervals. This standard feature also helps with filter replacement schedule on machines equipped with the **optional DCS-500 system**.
- The unit produces very low noise level on a **24-hour continuous duty operation** and carries a very high-efficiency motor that can save considerable electrical energy cost. It plugs into a standard 115 volt outlet.
- It stands out for its sturdy and robust Kobra power unit and for its Kobra **high carbon grade steel cutting knives**.
- Kobra Flexback is equipped with an **emergency off switch** for user safety.
- It is a stand-alone / free standing unit, easy to move, equipped with castors and parking brake.
